WORK EXPERIENCE

Admission Officer – SEEK International Education Services | **2078 - 2079**

- Counseled prospective students on university and course selection across USA, Australia, UK, and Canada, aligning choices with academic background, budget, and career goals
- Guided students end-to-end through the application process — shortlisting institutions, preparing SOPs/LORs, and compiling academic and financial documentation for submission.
- Verified and cross-checked transcripts, certificates, and financial documents for accuracy and compliance with destination-country visa requirements

Freelance Web Developer & Content Writer | Self-Employed **2081 - Present**

- Built and fully documented "EasyMart," a full-stack e-commerce web application for the Online market using PHP/HTML/CSS/JS and MySQL, with eSewa payment integration.
- Built and fully documented "IMS," a full-stack web application for the Inventory Management using PHP/HTML/CSS/JS and MySQL.
- Authored fact-checked, publication-ready travel articles on Nepal's trekking regions, verifying permit costs, biodiversity data, and trail conditions.

Volunteer | Hattiban Church **2079 - Present**

- Managed audio setup and guitar accompaniment for weekly worship services.

PROJECTS

ShopNepal E-Commerce Platform | <https://github.com/Tushar777-cloud/Online-shopping-web-app-project.git>
